ABOUT

I'm a 22 year old beauty enthusiast and a social media influencer.

I'm a proud Capetonian and I'm currently working and studying in the beauty industry (hair & beauty).

I absolutely love being in front of the camera as well as being behind the camera creating content. My hobbies involve being adventurous, working out, doing makeup and baking.

I always enjoy spending time with my loved ones as well as binge watching series now and then.

I also love everything that's fashion, fitness, food and travel related. I've developed a big passion for marketing and working with brands and I would love to collaborate with more brands in the future.

DID YOU KNOW?

When I was younger, I dreamt about becoming a performing artist as I have a really big passion for music and performing.

I competed in various singing competitions and did a few performing gigs as well. I loved every minute of it.
