ABOUT

I'm small town girl, living in the big city currently for a few years now. I'm an actress, vocalist, film-, editorial wardrobe stylist, content creator and beauty enthusiast. I started my career as a magazine fashion editor at two magazines in South Africa. In total I've been part of 3 different publications. After a few whirlwind years and soul searching, I decided to step into the film side of wardrobe, where my true passion is.

I always say it is the best of both worlds, and a dream, to be able to do acting and to be the wardrobe "lady" behind the cameras. Either way I'm on set learning. So now you can say I'm officially busy doing what I came to do, Film & Fashion. An actress who loves to inspire everyone no matter in what field you may find yourself today. Nothing sustainable happens overnight. That I can promise you.
